PLASTIC & RECONSTRUCTIVE SURGERY

Richard J. Restifo, MD Amanda Paradiso, PA-C P:203.772.1444 F: 203.907.0503

Liposuction Preoperative Instructions

Your day/time of surgery is _____. The location is _____.

- ◆ Please arrive to the facility at least one hour prior to your scheduled time.
- ◆ If you are a smoker, please stop for a minimum of 4 weeks prior to surgery. Smoking reduces circulation to the skin and will slow your healing.
- ◆ Avoid Aspirin, Ibuprofen, Advil, Motrin, Naprosyn, Aleve, Celebrex, Excedrin, Fish Oil and Vitamin E containing products for 2 weeks prior to surgery. Please review the attached sheet of medications to confirm if you take any of these. All of these have a tendency to prolong bleeding and increase bruising.
Tylenol is preferred for pain relief.
- ◆ You have received prescriptions for _____.
You should have these filled **prior** to your day of surgery. You will not need to take any of them until after surgery.
- ◆ ***You should also have your labwork drawn at least two weeks prior to your surgery.***
- ◆ Shower with an antibacterial soap the day before or the morning of your surgery.
- ◆ Have NOTHING to eat or drink after midnight on the night before your surgery.
- ◆ On the day of surgery, wear a large, front closure shirt and loose fitting pants with an elastic waist.

Other: _____
